8/4/94

Ms. Carol Deck
16633 Alden Ave.,
Gaithersburg, MD 20877

Dear Carol,

Not having heard from you for so long, for so long after you'd said I would, I'm concerned about whether you are OK and about the work.

My concerns about the completion of the work are increased.

After you were last here I got the results of Doppler examinations on both legs.

They show zero arterial function in both.

I would like to hear from you.

Sincerely,

Harold
